

A Report on
“SKILL UP 101: FROM CODE TO
CONFIDENCE”

Date: 12/11/2025

Organized by
“GeeksforGeeks Student Chapter BVM”
and
“IT Engineering Department”

BIRLA VISHVAKARMA MAHAVIDYALAYA
(An Autonomous Institution)
NAAC Accredited: ‘A ’Grade
Managed by Charutar Vidya Mandal

Summary of the Event:

Event Title	Skill up 101: From Code to Confidence
Date	12th, November 2025
Duration	3:00 PM – 5:00 PM
Venue	B block, BVM collage
Resource Person	Aditya Desai (4th year CP), Vihaa Shah (3rd year IT), Kavya Zinzuvadiya (2nd year IT), Parv Luhar (2nd year CP)
Event Coordinator:	Parv Luhar (2nd year CP)
Number of Participants:	120+
Student chapter Association:	GeeksforGeeks Student Chapter BVM

Objectives of the Event:

1. Enhancing communication skills among first-year students by introducing them to essential techniques for clear, confident, and professional interaction in academic and workplace settings.
2. Providing a strong foundation in fundamental Data Structures concepts, enabling students to develop logical thinking, understand core programming structures, and prepare effectively for future technical learning.
3. Guiding students in creating an impactful and well-structured resume that highlights their strengths, achievements, and potential, helping them stand out during internship applications and academic opportunities.
4. Helping students build a compelling LinkedIn presence by teaching them how to optimize their profiles, articulate their interests, and engage with the professional community to expand their network and visibility.
5. Promoting overall professional development by combining communication training, technical understanding, and personal branding skills, ensuring students gain a balanced and industry-relevant skill set early in their engineering journey.

About the Event:

The event Skill Up 101: From Code to Confidence was organized by the IT Department, BVM, in collaboration with the GeeksforGeeks Student Chapter BVM. It was aimed primarily at first-year engineering students to help them develop essential professional and technical skills early in their academic journey. The event consisted of four engaging and interactive sessions delivered by student experts, each addressing an important aspect of career building.

- This session focused on helping students understand the fundamentals of professional communication.
Aditya Desai explained how effective communication plays a crucial role in interviews, presentations, and team collaborations. Students were introduced to body language essentials, structuring conversations, improving clarity, and avoiding common communication barriers. The session helped participants gain confidence in expressing their ideas more clearly and professionally.
- Kavya Zinzuvadiya delivered an introductory yet insightful session on Data Structures.
The session covered the importance of Data Structures in programming and problem-solving, focusing on arrays, stacks, queues, and linked lists. Through simple examples and logical explanations, she helped first-year students understand how DS concepts strengthen coding skills and prepare them for future competitive programming, interviews, and academics.
- In this session, Vihaa Shah guided the students on creating a professional and impactful resume.
She discussed the essential components of a strong resume, including formatting, achievement-based bullet points, skills listing, and common mistakes to avoid. Students also learned how to present their projects, academic achievements, and extracurricular activities effectively. This session was particularly helpful for students looking to apply for internships or college-level opportunities.
- Parv Luhar conducted an interactive session focused on building a personal brand on LinkedIn.
He demonstrated how students could optimize their profiles, write strong summaries, showcase skills, and engage with the community. Parv also explained how networking on LinkedIn can open doors to internships, mentorship, and industry exposure.

Outcome of the event:

1. Improved Communication Confidence:

Students gained clarity on professional communication techniques, helping them speak, present, and express their ideas more confidently during academic activities and group tasks.

2. Strengthened Technical Foundation in Data Structures:

Participants developed a better understanding of basic Data Structures, enhancing their logical thinking and preparing them for future programming subjects and competitive coding.

3. Enhanced Resume-Building Skills:

Students learned how to structure and design a professional resume, enabling them to highlight their achievements, skills, and projects more effectively.

4. Optimized LinkedIn Profiles and Digital Presence:

Many students updated or created their LinkedIn profiles after the session, giving them a strong start in building an online professional identity and expanding their network.

5. Increased Awareness of Career Development Tools:

The event introduced students to essential tools and platforms such as resume design layouts, LinkedIn features, and communication techniques helping them prepare better for future academic and industry opportunities.

6. Boost in Participation and Engagement:

The interactive format, including question-answer rounds and mini-activities, encouraged active participation, making students more confident and motivated to explore professional growth.

7. Holistic Skill Development:

By combining technical, communication, and personal branding elements, students walked away with a more balanced understanding of what is expected in the engineering and tech ecosystem.

Participation List:

Birla Vishvakarma Mahavidyalaya

Glimpses:

BIRLA VISHVAKARMA MAHAVIDYALAYA
(ENGINEERING COLLEGE) AN AUTONOMOUS INSTITUTION
NAAC Accredited 'A' Grade
Managed by Charutar Vidya Mandal

**SKILL UP 101:
FROM CODE TO CONFIDENCE**

Organized by
IT department BVM
& GeeksforGeeks Student Chapter BVM

Session Includes :

- Talk smart:**
Communication decoded
- Hire me maybe:**
Resume that clicks
- Link it right:**
Building a standout linkedin
- DS in a dash:**
Quick logic brief
- Brain break:**
Fun quiz round

Event Details :

- **Date :** Wednesday, 12th November 2025
- **Time :** 3:00 PM – 5:00 PM
- **Venue:** B Block, Room 401
